

How to Make Moving Toys

Step 1: Draw the pattern on the paper.

Step 2: Trace and transfer the pattern onto the vinyl paper.

Tip: The entrance of the balloon should be about the width of one finger.

Step 3: Stitch along the traced lines using a sewing machine.

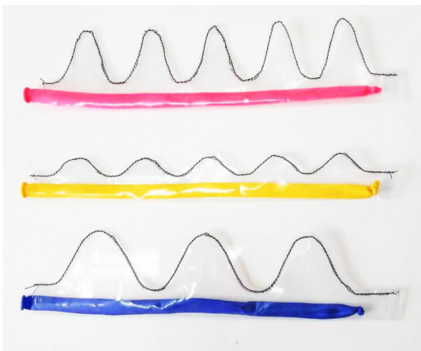

Step 4: Cut out the vinyl.

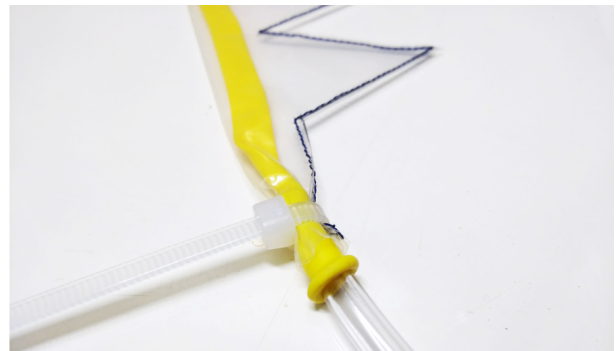

Tip: Do not sew the entrance of the balloon.

Step 5: Insert the balloon into the vinyl.

Step 6: Insert the tube and tightly secure the opening.

Tip: When tying, include the "tube-balloon-vinyl" in the wrap.
